Latifat Bakare

Backend Software Engineer

Ilorin, Nigeria | capstone.candidate006@example.com | +234 800 000 0006

PROFESSIONAL SUMMARY

Experienced backend software engineer with 4 years of experience in logistics environments. Works across Python, FastAPI and PostgreSQL, with emphasis on API design, reliable data workflows and maintainable service integrations. Has contributed to production services, release quality and technical documentation across cross-functional teams.

CORE COMPETENCIES

Python | FastAPI | PostgreSQL | Docker | Git | Pytest | Redis | CI/CD | AWS

PROFESSIONAL EXPERIENCE

Backend Software Engineer | OliveGrid Technologies
2024 - Present | Ilorin, Nigeria

- Built service endpoints to support logistics workflows and collaborated with product and QA teams on edge cases.
- Refined caching and background-job processing for peak transaction periods; reduced repeated database reads in test workloads.
- Implemented structured exception reporting and release checklists, reducing untriaged defects in the sprint backlog.
- Measured a 17% improvement in an internal dispatch visibility response-time benchmark after revising data access and request handling.

Software Developer | Bluecrest Labs
2022 - 2024 | Nigeria

- Reviewed pull requests, clarified acceptance criteria, and mentored junior contributors on test-first delivery.
- Consolidated duplicate business-logic modules into shared components and reduced maintenance effort across three endpoints.

SELECTED PROJECTS

Community Events Booking | 2026

- Implemented a Python service layer for handling registration, attendance, and event reminders; documented payload validation, test cases and error-handling behaviour.
- Prepared integration documentation for 11 endpoints and resolved edge-case failures discovered in peer testing.

EDUCATION

BEng Software Engineering | Obafemi Awolowo University | 2021

PROFESSIONAL CERTIFICATIONS

AWS Certified Cloud Practitioner
