Kazeem Adisa

Python Developer

Ilorin, Nigeria | capstone.candidate017@example.com | +234 800 000 0017

PROFESSIONAL SUMMARY

Experienced python developer with 9 years of experience in business software environments. Works across Python, Django and REST APIs, with emphasis on API design, reliable data workflows and maintainable service integrations. Has contributed to production services, release quality and technical documentation across cross-functional teams.

CORE COMPETENCIES

Python | Django | REST APIs | PostgreSQL | Docker | Git | Unit Testing | AWS

PROFESSIONAL EXPERIENCE

Python Developer | BrightRiver Tech
2023 - Present | Ilorin, Nigeria

- Developed and maintained Python-based services for customer onboarding, including API request validation and clear error responses.
- Optimized database queries for frequently accessed records, reducing median retrieval time by 40% during an internal performance test.
- Introduced repeatable regression checks for customer onboarding and improved release handovers with reproducible test evidence.
- Measured a 19% improvement in an internal customer onboarding response-time benchmark after revising data access and request handling.

Software Developer | Seabrook Computing
2017 - 2023 | Nigeria

- Designed database access patterns for customer onboarding; documented expected payloads and failure scenarios for integration partners.
- Contributed to deployment pipelines and environment configuration, reducing manual steps during controlled releases.
- Added role-based API guards and request logging for sensitive account actions in the business software platform.

SELECTED PROJECTS

Invoice Matching Assistant | 2026

- Implemented a Python service layer for comparing invoice and payment entries for exception review; documented payload validation, test cases and error-handling behaviour.
- Prepared integration documentation for 4 endpoints and resolved edge-case failures discovered in peer testing.

Community Events Booking | 2025

- Implemented a Python service layer for handling registration, attendance, and event reminders; documented payload validation, test cases and error-handling behaviour.

EDUCATION

BSc Computer Science | Obafemi Awolowo University | 2016

PROFESSIONAL CERTIFICATIONS

Microsoft Azure Fundamentals (AZ-900)
