# Ifeoma Umeadi

## API Engineer

Akure, Nigeria | capstone.candidate018@example.com | +234 800 000 0018

### PROFESSIONAL SUMMARY

Experienced api engineer with 4 years of experience in insurance environments. Works across Python, Flask and SQLAlchemy, with emphasis on API design, reliable data workflows and maintainable service integrations. Has contributed to production services, release quality and technical documentation across cross-functional teams.

### CORE COMPETENCIES

Python | Flask | SQLAlchemy | PostgreSQL | Docker | Git | Linux | CI/CD

### PROFESSIONAL EXPERIENCE

**API Engineer | OliveGrid Technologies**
2024 - Present | Akure, Nigeria

- Built service endpoints to support insurance workflows and collaborated with product and QA teams on edge cases.
- Refined caching and background-job processing for peak transaction periods; reduced repeated database reads in test workloads.
- Implemented structured exception reporting and release checklists, reducing untriaged defects in the sprint backlog.
- Measured a 26% improvement in an internal claims tracking response-time benchmark after revising data access and request handling.

**Software Developer | Fieldstone Solutions**
2022 - 2024 | Nigeria

- Reviewed pull requests, clarified acceptance criteria, and mentored junior contributors on test-first delivery.
- Consolidated duplicate business-logic modules into shared components and reduced maintenance effort across three endpoints.

### SELECTED PROJECTS

**Policy Claims Register | 2026**

- Implemented a Python service layer for tracking incoming requests, reviews, and next actions; documented payload validation, test cases and error-handling behaviour.
- Prepared integration documentation for 7 endpoints and resolved edge-case failures discovered in peer testing.

### EDUCATION

BEng Software Engineering | Ladoke Akintola University of Technology | 2021

### PROFESSIONAL CERTIFICATIONS

AWS Certified Cloud Practitioner
