Rukayat Adeniyi

Junior Software Developer

Uyo, Nigeria | capstone.candidate021@example.com | +234 800 000 0021

PROFESSIONAL SUMMARY

Hands-on junior software developer with 2 years of experience in distribution environments. Works across Python, Pandas and PostgreSQL, with emphasis on application delivery, technical troubleshooting and workflow improvements. Brings structured task ownership, evidence-based problem solving and careful handoffs to collaborative delivery.

CORE COMPETENCIES

Python | Pandas | PostgreSQL | Git | ETL

PROFESSIONAL EXPERIENCE

Junior Software Developer | Atlaspoint Solutions

2024 - Present | Uyo, Nigeria

- Developed features for a distribution web application, translating tickets into tested Python-based changes.
- Connected frontend forms to server endpoints and validated required fields to prevent incomplete stock planning submissions.
- Maintained data queries and export routines using Pandas, with peer review and documented edge cases.

SELECTED PROJECTS

Service Reliability Tracker | 2026

- Built a practical Python-based prototype for capturing incidents, response times, and follow-up actions in a searchable operational view; documented test cases, assumptions and next-step improvements.

Customer Case Dashboard | 2025

- Built a practical Python-based prototype for organizing unresolved requests by owner and priority; documented test cases, assumptions and next-step improvements.

EDUCATION

BSc Information Technology | University of Benin | 2023

PROFESSIONAL CERTIFICATIONS

Microsoft Azure Fundamentals (AZ-900)
